MUST HAVE A LICENSE

Plumbers Will Hereafter Have to Take Out One.

BOARD OF HEALTH TO CONTROL

A Law Recently Passed Says a Board of Examiners Must be Appointed and All Plumbers Will Have to Pass an Examination Before Working at Their Trade.

A copy of a law, which passed the senate on April 16, has been received by the members of the local board of health, and will doubtless receive some of their attention at the next meeting. The law will be rigidly observed by the board, and seems to be a good thing.

Following is a copy of the law as passed:

Section 1. Be it enacted by the General assembly of the state of Ohio, that any person, firm or corporation now, or that may hereafter be engaged in, or working at the business in this state, either as a master or employing plumber, or as a journeyman plumber shall first secure a license therefor, in accordance with the provisions of this act.

Sec. 2. Any person desiring to engage in, or work at, the business of plumbing, either as a master or employing plumber, or as a journeyman plumber, shall apply to the president of the board of health or other officer having jurisdiction in the locality where he intends to engage in work at such business, and shall, at such time and place as may be designated by the board of examiners hereinafter provided for, to whom such application may be referred, be examined as to his qualifications for such business. In case of a firm, or corporation, the examination and licensing of any one member of such firm, or the manager of such corporation, shall satisfy the requirements of this act.

Sec. 3. There shall be in every city and each town of 5,000 inhabitants, or more, and in each town having a system of water supply or sewerage, a board of examiners, consisting of the president of the board of health, and the inspector of buildings of said city or town, if any there be, and three members, who shall be practical plumbers; (two shall be master plumbers, one shall be a journeyman plumber;) the president of the board of health and the inspector of buildings shall be members ex-officio of said board and serve without compensation; provided, that in localities where the required number of members cannot be secured, such vacancies may be filled by the appointment of reputable physicians.

Said members shall be appointed by the board of health, if there be a board of health or health officer of said city or town, within three months from and after the passage of this act, for the term of one year, said appointment to date from first day of August, A. D. 1896, and thereafter annually, and said appointed members of such board shall serve without compensation; provided, that if in any city or town there is no inspector of buildings said board of health shall appoint a fourth member of said board of examiners, who shall be a practical plumber, and whose term of office shall be the same as heretofore provided for said three members.

Sec. 4. Said board of examiners shall, within 30 days after the appointment of said members, meet and organize by the selection of a chairman and shall designate the time and place for the examination of applicants desiring to engage in or at the business of plumbing within their respective jurisdiction. Said board shall examine said applicants as to their practical knowledge of plumbing, house drainage and plumbing-ventilation, and if satisfied of the competency of the applicant, shall so verify to the board of health. Such board shall thereupon issue a license to such applicant, authorizing him to engage in, or at, the business of plumbing, either as a master or employing plumber, or as a journeyman plumber. The fee for the license for a master or employing plumber shall be \$5; for a journeyman plumber shall be \$1. Said license shall be valid and have force throughout the state, and shall be renewed annually upon payment of a fee of 50 cents.

In case of removal beyond the jurisdiction of the board issuing the original license, it may be renewed by any board having like authority.

Sec. 5. The board of health of each city or town mentioned in section 3 of this act shall, within three months from and after the passage of this act, appoint one or more inspectors of plumbing, and such appointment shall be subject to the approval of the council of such city or town (if such appointment has not already been made), who shall hold office until removed by such board of health for cause, which must be shown. The compensation of such inspectors shall be determined by the said board of health and be paid from the treasury of their respective cities or towns. Said inspectors so appointed shall inspect all plumbing work for which permits are hereafter granted, within their respective jurisdiction, in process of construction, alteration or repair, and shall report to said board of health all violations of any law, ordinance or bylaw relating to plumbing work, and also perform such other appropriate duties as may be required by said board.

Sec. 6. The board of health of each city and town of 5,000 inhabitants or more in this state, and every town having a system of water supply or sewerage, shall, within six months from the passage of this act, prescribe rules and regulations for the construction, alteration and inspection of plumbing and sewerage placed in, or in connection with any buildings in such city or town; which shall be approved by ordinance by the council of such city or town, and the board of health shall further provide that no plumbing work shall be done, except in the case of repairs or leaks, without a permit being first issued therefor, upon such terms and conditions as such board of health of said city or town shall prescribe.

Sec. 7. Any person violating any provision of this act shall be deemed guilty of a misdemeanor, and be subject to a fine not exceeding \$50, nor less than \$5, for each and every violation thereof. The license of any master or journeyman plumber may at any time be revoked for incompetency, dereliction of duty or other sufficient causes, after a full and fair hearing by a majority of the examining board, but an appeal may be taken from said examining board to the state board of health, and license may be revoked by the examining board provided for in section 3 of this act.

Sec. 8. All money derived from the examination of applicants shall go to the board of health at place where applicant was examined.

Sec. 9. All acts and parts of acts inconsistent herewith are hereby repealed.

Sec. 10. This act shall take effect from and after its passage.

shall be subject to the approval of the council of such city or town (if such appointment has not already been made), who shall hold office until removed by such board of health for cause, which must be shown. The compensation of such inspectors shall be determined by the said board of health and be paid from the treasury of their respective cities or towns. Said inspectors so appointed shall inspect all plumbing work for which permits are hereafter granted, within their respective jurisdiction, in process of construction, alteration or repair, and shall report to said board of health all violations of any law, ordinance or bylaw relating to plumbing work, and also perform such other appropriate duties as may be required by said board.

Sec. 6. The board of health of each city and town of 5,000 inhabitants or more in this state, and every town having a system of water supply or sewerage, shall, within six months from the passage of this act, prescribe rules and regulations for the construction, alteration and inspection of plumbing and sewerage placed in, or in connection with any buildings in such city or town; which shall be approved by ordinance by the council of such city or town, and the board of health shall further provide that no plumbing work shall be done, except in the case of repairs or leaks, without a permit being first issued therefor, upon such terms and conditions as such board of health of said city or town shall prescribe.

Sec. 7. Any person violating any provision of this act shall be deemed guilty of a misdemeanor, and be subject to a fine not exceeding \$50, nor less than \$5, for each and every violation thereof. The license of any master or journeyman plumber may at any time be revoked for incompetency, dereliction of duty or other sufficient causes, after a full and fair hearing by a majority of the examining board, but an appeal may be taken from said examining board to the state board of health, and license may be revoked by the examining board provided for in section 3 of this act.

Sec. 8. All money derived from the examination of applicants shall go to the board of health at place where applicant was examined.

Sec. 9. All acts and parts of acts inconsistent herewith are hereby repealed.

Sec. 10. This act shall take effect from and after its passage.

THE STAR CHAMBER MEMBER.

Respectfully Referred to the "Good" Paper Advocate.

The following is taken from the Salem News of yesterday, and may be read with profit by the star chamber member:

"At a meeting of the city council of East Liverpool the other night, one member of the council said: 'We are going to start a new paper and it will be a good paper.' With these words he tried to impress upon the body the advisableness of not awarding a contract to the old paper. There is a law in this state which fines public officials for being engaged in any public work during their term of office or one year thereafter. The amount of the fine is fixed at no less than \$500 nor more than \$1,000, or imprisonment not more than six months nor less than 60 days, or both. Yet how flagrantly that law is violated in every city."

NEW SCHEDULE.

Agent Hill Officially Notified This Morning.

The new schedule on the Cleveland and Pittsburgh division of the Pennsylvania lines will go into effect on Sunday, May 17. Agent Hill was officially notified of the change this morning. The accommodation which now arrives here at 8:10 in the morning will get here under the new schedule at 7:45. The evening train due at 6:10 will not get here until 8:08. The 8:46 train in the morning will be a few minutes later, arriving here at 8:53. The 7:00 train in the evening will be due at 7:25.

WELCH'S SHOW

In Straitened Circumstances Since Leaving Here.

Welch's circus, which occupied Brunt's hill last week, is meeting with adverse circumstances. At Toronto the receipts were small and the superstitious manager assigns his bad luck to No. 13. The third stand of the show was at Toronto on the 13th and the receipts were \$13. They managed to pay all the bills contracted, and went to Brilliant yesterday morning without a cent in the treasury, and unless they are greeted by generous patronage at that place the show will go to the wall.

SOME SPORTING NOTES

A Cincinnati Paper Thinks Well of Mercer.

WHAT WINNIE THINKS OF JOYCE

The Bicyclists Were Out in Large Numbers Last Night—Nibbo Carey Pleases Youngstown—The Line-up for the Game Tomorrow.

The Cincinnati team would like to secure Mercer, as is shown by the following clipping: 'Give the Cincinnati Win Mercer and only a sequence of accidents could keep them from finishing 1-2-3. He has more cool nerve than 90 per cent of the league twirlers, and an old head upon young baseball shoulders is a good thing, and that is the sort of a top piece that Mercer possesses.'—Cincinnati Post.

The following clipping is credited to the Washington Post:

"If Hawley thought he was giving us a scare when he winged Joyce with the ball in Saturday's game, then he was holding out on himself," says Win Mercer. "Joyce is the nerviest man I have ever seen on the ball field. The more you fight him, all the more will he fight back. When Harper, of Brooklyn, hit him in the face in that game at Washington, he wanted to play out the game with his broken nose, but I advised him to get out and have his face repaired before attempting to play ball again."

The Rover football club met last night at the Young Men's Christian association rooms and adopted a new uniform. The color of the trousers will be dark blue, while the shirt will be light blue, with dark blue trimmings. A letter was also sent to the president of the Pittsburgh league asking admission, and an answer is expected Monday. Another meeting will be held next Thursday night.

The Young Men's Christian association ball team are battling for supremacy with the high school nine this afternoon.

Some of the local players may play with the Lisbon team this season. A representative from the latter club while in the city on circus day expressed a desire to enter into a deal with players of this city to come to the county seat when any games are to be played there.

Following is the lineup for the game tomorrow:

LIVERPOOL POSITIONS. HOMESTEAD. Finch.....Catcher.....Colgan Lynch.....Pitcher.....Jones McShane, P.....Shortstop.....Woods Reark, C.....First base.....Tarr Carey.....Second base.....Brown Kennedy.....Third base.....Youngman Twaddle.....Left field.....Johnson McNutt.....Center field.....Coleman Heckathorn.....Right field.....Smith

A large number of bicyclists were on the streets last evening. The riders gave a parade, led by one of the cleverest bicyclists in the city, and at one time there were 19 wheelmen in line. The procession was a nice one, and as it was not started until late, there was no danger of running over anyone. The boys should start early in the day and see how many people they can secure for a parade, and give a dandy some night in the near future.

Word from Youngstown says that Nibbo Carey is playing a fine article of ball, and that the fans of the city, as well as the management of the club, are highly pleased with his work so far.

The Crackjacks will play their first game of the season at East Palestine on Saturday week.

The Tombstones are eager to arrange a game with the Athletics, and are willing to meet that team at any time.

The circus, as usual, left the ball ground in poor condition, and the rings will have to be leveled before any ball playing is done there Saturday.

The Toronto Tribune, in speaking of the coming game at that place, says: "McShane, J. and C. Reark, of East Liverpool, of the winning factors of the Reds, will be on deck, and they can be depended upon to put up winning ball every time—their splendid work in last Saturday's game is only a 'sample' of their ball playing abilities."

VERY VERDANT.

Amusing Actions of the "Rubes" on Circus Day.

An evidence of the state of veridancy in which the country youth lives was apparent on circus day. A youth who was the possessor of an 80-pound bicycle, that had seen its best days, stopped in front of an uptown restaurant, and after standing his ponderous machine against the building, entered and inquired: "Say, mister, am I old enough to buy root beer?" He was answered in the affirmative, and after putting away the contents of two large bottles, said: "I'm 'tarnal hungry; can I get a 'piece'?" While satisfying the inner man, a companion came in and purchased some tobies. A small cigar cutter at once caught his eye, and after pulling, twisting and turning it over, asked of a waiter: "Will you show me how to get matches out of this blamed thing?" He was informed that the cutter was not a match safe, and was supplied with the required lucifers. To record all the amusing incidents that occurred on circus day would fill columns.

PROGRESSION.

K. T. & K. to Further Enlarge Their Plant.

Despite the fact of the many improvements and additions recently made at Knowles, Taylor & Knowles' potteries, the capacity of the plant in some departments is yet deemed inadequate, and the firm is now contemplating the erection of another building, in order that increased facilities may be obtained for a larger output of ware.

The new structure will be a three-story brick and will be built on the spot now occupied by the rear portion of the mould shop on Market street. The rear part of the latter shop is to be razed to the ground to give place to the new building, the plans and specifications of which, it is said, are being drawn up now, in order that the construction of the new addition may be speedily accomplished to prepare for an anticipated rush of trade in the fall.

The upper story will be used for decorating purposes and the two lower floors will do service as a warehouse. The section of the north wing of the decorating establishment used as a warehouse at present will be transformed into a work shop for the printers.

THE LAKE ERIE

May Cross the New Bridge According to a Toronto Paper.

It is pretty generally believed in railroad circles that the Wheeling & Lake Erie railway will make important changes in and extensions of its lines the coming summer, which will probably result in that road being made an important link in a new trunk line between New York, Pittsburgh and Chicago, and also become a part of the Brice system. The company greatly desires to get an entrance of its own into Pittsburgh, and surveys have recently been made from Massillon to Pittsburgh via Canton and East Liverpool, and many think the new bridge across the Ohio at the latter place is a part of this scheme. Much money will be expended this summer in improving the entire Wheeling & Lake Erie system and between Wheeling and Toledo new 70 pound rails will be put down.—Toronto Tribune.

VIEWED THE FIELDS.

The Gas Well at Williamsport Gauged Yesterday Afternoon.

Elijah Stewart, of Beaver, the agent of the Bridgewater Gas company, accompanied by Jesse Hunter, drove to Williamsport yesterday for the purpose of testing the gas well recently struck on the Alum Cliff farm. The well when gauged showed a pressure of 110 pounds a minute from a five and five-eighths inch casing. There is at present 2,000 acres of land in that vicinity leased, and wells will be put down in large numbers. It is probable that the well recently struck will not be leased by any gas company, as it would have to be piped 10 miles before it could be turned into any main, and there is not a sufficient quantity of the fluid to justify this expenditure. Should a sufficient quantity of gas be secured out of the fields, the companies will then go after them.

A BAD FALL.

Scaffold Gave Way and James Dunkerly Was Painfully Hurt.

While James Dunkerly, of East Market street, was engaged in building a pigeon coop inside of a barn, situated on the rear of the lot that he resides on, yesterday afternoon, the scaffold upon which he was working gave way, without any warning, and precipitated Dunkerly to the ground beneath, a drop of 10 feet. He fell on his back, his head striking a board within a few inches of a sharp nail that protruded. Had his head come in contact with the nail undoubtedly it would have resulted seriously. The force of the shock caused the unfortunate man's teeth to cut clear through his tongue, making a wound that is very painful.

THE CIRCUS HAS GONE

But the Effects of it Are Still Here.

BUSINESS GOOD AT CITY HALL

Constable Bertele Arrested a Vagrant This Morning—Several Victims Pay Their Fines—The Two Men Charged With Pocket-Picking Fail to Appear.

The demoralizing effects of circus has not entirely left the motley gathering that is still languishing in the commodious domicile of this municipality, the floating population of that institution remaining about the same today as it was Wednesday evening.

Walter Brown, colored, who was fined yesterday for an undue manifestation of affection for his sister-in-law, saved himself from a trip to the county jail by paying up last night the amount taxed against his name. He was given his freedom, and this morning the vacancy left by him is filled by a vagrant answering to the name of Tom Ravn, who was arrested on Seventh street this morning by Constable Bertele. The man was extorting money from all that he met, and if refused, he used threatening language. The bold mien of the fellow did not intimidate "Tomy," who marched up to his man and placed him under arrest.

The case of Melvin Flowers, who charged George Nassen with assaulting him, came up for trial this morning, and after all the evidence was heard, a verdict of not guilty was rendered and the plaintiff ordered to pay the costs.

George Green paid his fine of \$6.00 yesterday afternoon.

Bert Rodney telegraphed to his father for the money to pay his fine, \$11.43. It was received and he was released.

James Evans and James Morris, the two men charged with picking pockets, failed to appear at the hearing and forfeited their bail, \$50 each.

Robert Pitenger paid part of his due and secured the rest. He was released today. Frank Blair also paid his fine and was released this morning.

Ryan was fined \$10 and costs and 20 days to the workhouse and will stay there until his fine and costs are paid.

NAUSEATING

Is the Odor That Arises from the Ruins of Metcalf's Mill.

An extremely nauseating stench arises from the decomposed grain in the ruins of Metcalf's mill, and its disagreeable presence can be detected for blocks. The debris is being taken away as rapidly as possible, and it is hoped that the disagreeable smell will be abated, as it is a decided menace to health. Street car patrons who are compelled to remain at the Second street switch until the coming car passes, get the full force of the fumes.

Sweet Girls.

An amateur photographer had the dear girls of the Fourth street school posing for their pictures this afternoon, at the entrance to the school yard. Some few members of the sterner sex were permitted the inestimable privilege of associating with the lassies, as an evidence to the outside world that the group was not exclusively angelic. The artist had great difficulty in placing his patrons in proper positions of ease and grace, but finally succeeded in catching a satisfactory picture.

Fell on the Pavement.

Miss Blanch Arbuthnot, of West Market street, fell on the pavement on Washington street this morning and wrenched her knee badly. She was taken to her home in a carriage, and a physician called who made an examination and found that no bones were broken.

PERSONAL MENTION.

—Miss Helen Fisher, of Pittsburg, is in the city today.

—Mrs. Nancy Sloane, of Pittsburg, is visiting her son, Doctor Sloane, of Fifth street.

—Mrs. Mary Poe, of Georgetown, Pa., is visiting Mrs. Joe Croxall, of Washington street.

—J. Stein went to Salem last night on business. He will be absent from the city several days.

—John Kennedy left today for Mingo Junction, to attend commencesment exercises, which take place there tonight.

—Reverend O'Meara went to Pittsburg today to attend the funeral of a brother pastor at that place, this afternoon.

MUST HAVE A LICENSE

Plumbers Will Hereafter Have to Take Out One.

BOARD OF HEALTH TO CONTROL

A Law Recently Passed Says a Board of Examiners Must be Appointed and All Plumbers Will Have to Pass an Examination Before Working at Their Trade.

A copy of a law, which passed the senate on April 16, has been received by the members of the local board of health, and will doubtless receive some of their attention at the next meeting. The law will be rigidly observed by the board, and seems to be a good thing.

Following is a copy of the law as passed:

Section 1. Be it enacted by the General assembly of the state of Ohio, that any person, firm or corporation now, or that may hereafter be engaged in, or working at the business in this state, either as a master or employing plumber, or as journeyman plumber, shall first secure a license therefor, in accordance with the provisions of this act.

Sec. 2. Any person desiring to engage in, or work at, the business of plumbing, either as a master or employing plumber, or as a journeyman plumber, shall apply to the president of the board of health or other officer having jurisdiction in the locality where he intends to engage in work at such business, and shall, at such time and place as may be designated by the board of examiners hereinafter provided for, to whom such application may be referred, be examined as to his qualifications for such business. In case of a firm, or corporation, the examination and licensing of any one member of such firm, or the manager of such corporation, shall satisfy the requirements of this act.

Sec. 3. There shall be in every city and each town of 5,000 inhabitants, or more, and in each town having a system of water supply or sewerage, a board of examiners, consisting of the president of the board of health, and the inspector of buildings of said city or town, if any there be, and three members, who shall be practical plumbers; two shall be master plumbers, one shall be a journeyman plumber; the president of the board of health and the inspector of buildings shall be members ex-officio of said board and serve without compensation; provided, that in localities where the required number of members cannot be secured, such vacancies may be filled by the appointment of reputable physicians.

Said members shall be appointed by the board of health, if there be a board of health or health officer of said city or town, within three months from and after the passage of this act, for the term of one year, said appointment to date from first day of August, A. D. 1896, and thereafter annually, and said appointed members of such board shall serve without compensation; provided, that if in any city or town there is no inspector of buildings said board of health shall appoint a fourth member of said board of examiners, who shall be a practical plumber, and whose term of office shall be the same as heretofore provided for said three members.

Sec. 4. Said board of examiners shall, within 30 days after the appointment of said members, meet and organize by the selection of a chairman and shall designate the time and place for the examination of applicants desiring to engage in or at the business of plumbing within their respective jurisdiction. Said board shall examine said applicants as to their practical knowledge of plumbing, house drainage and plumbing-ventilation, and if satisfied of the competency of the applicant, shall so verify to the board of health. Such board shall thereupon issue a license to such applicant, authorizing him to engage in, or at, the business of plumbing, either as a master or employing plumber, or as a journeyman plumber. The fee for the license for a master or employing plumber shall be \$5; for a journeyman plumber shall be \$1. Said license shall be valid and have force throughout the state, and shall be renewed annually upon payment of a fee of 50 cents.

In case of removal beyond the jurisdiction of the board issuing the original license, it may be renewed by any board having like authority.

Sec. 5. The board of health of each city or town mentioned in section 3 of this act shall, within three months from and after the passage of this act, appoint one or more inspectors of plumbing, and such appointment

shall be subject to the approval of the council of such city or town (if such appointment has not already been made), who shall be practical plumbers, and shall hold office until removed by such board of health for cause, which must be shown. The compensation of such inspectors shall be determined by the said board of health and be paid from the treasury of their respective cities or towns. Said inspector so appointed shall inspect all plumbing work for which permits are hereafter granted, within their respective jurisdiction, in process of construction, alteration or repair, and shall report to said board of health all violations of any law, ordinance or bylaw relating to plumbing work, and also perform such other appropriate duties as may be required by said board.

Sec. 6. The board of health of each city and town of 5,000 inhabitants or more in this state, and every town having a system of water supply or sewerage, shall, within six months from the passage of this act, prescribe rules and regulations for the construction, alteration and inspection of plumbing and sewerage placed in, or in connection with any buildings in such city or town; which shall be approved by ordinance by the council of such city or town, and the board of health shall further provide that no plumbing work shall be done, except in the case of repairs or leaks, without a permit being first issued therefor, upon such terms and conditions as such board of health of said city or town shall prescribe.

Sec. 7. Any person violating any provision of this act shall be deemed guilty of a misdemeanor, and be subject to a fine not exceeding \$50, nor less than \$5, for each and every violation thereof. The license of any master or journeyman plumber may at any time be revoked for incompetency, dereliction of duty or other sufficient causes, after a full and fair hearing by a majority of the examining board, but an appeal may be taken from said examining board to the state board of health, and license may be revoked by the examining board provided for in section 3 of this act.

Sec. 8. All money derived from the examination of applicants shall go to the board of health at place where applicant was examined.

Sec. 9. All acts and parts of acts inconsistent herewith are hereby repealed.

Sec. 10. This act shall take effect from and after its passage.

THE STAR CHAMBER MEMBER.

Respectfully Referred to the "Good" Paper Advocate.

The following is taken from the Salem News of yesterday, and may be read with profit by the star chamber member:

"At a meeting of the city council of East Liverpool the other night one member of the council said: 'We are going to start a new paper and it will be a good paper.' With these words he tried to impress upon the body the advisableness of not awarding a contract to the old paper. There is a law in this state which fines public officials for being engaged in any public work during their term of office or one year thereafter. The amount of the fine is fixed at no less than \$500 nor more than \$1,000, or imprisonment not more than six months nor less than 60 days, or both. Yet how flagrantly that law is violated in every city."

NEW SCHEDULE.

Agent Hill Officially Notified This Morning.

The new schedule on the Cleveland and Pittsburgh division of the Pennsylvania lines will go into effect on Sunday, May 17. Agent Hill was officially notified of the change this morning. The accommodation which now arrives here at 8:10 in the morning will get here under the new schedule at 7:45. The evening train due at 6:10 will not get here until 8:05. The 8:46 train in the morning will be a few minutes later, arriving here at 8:53. The 7 o'clock train in the evening will be due at 7:25.

WELCH'S SHOW

In Straitened Circumstances Since Leaving Here.

Welch's circus, which occupied Brunt's bill last week, is meeting with adverse circumstances. At Toronto the receipts were small and the superstitious manager assigns his bad luck to No. 13. The third stand of the show was at Toronto on the 13th and the receipts were \$13. They managed to pay all the bills contracted, and went to Brilliant yesterday morning without a cent in the treasury, and unless they are greeted by generous patronage at that place the show will go to the wall.

SOME SPORTING NOTES

A Cincinnati Paper Thinks Well of Mercer.

WHAT WINNIE THINKS OF JOYCE

The Bicyclists Were Out in Large Numbers Last Night—Nibbo Carey Pleases Youngstown—The Line-up for the Game Tomorrow.

The Cincinnati team would like to secure Mercer, as is shown by the following clipping: 'Give the Cincinnati Win Mercer and only a sequence of accidents could keep them from finishing 1-2-3. He has more cool nerve than 90 per cent of the league twirlers, and an old head upon young baseball shoulders is a good thing, and that is the sort of a top piece that Mercer possesses.—Cincinnati Post.

The following clipping is credited to the Washington Post:

"If Hawley thought he was giving us a scare when he winged Joyce with the ball in Saturday's game, then he was holding out on himself," says Win Mercer. "Joyce is the nerviest man I have ever seen on the field. The more you fight him, all the more will he fight back. When Harper, of Brooklyn, hit him in the face in that game at Washington, he wanted to play out the game with his broken nose, but I advised him to get out and have his face repaired before attempting to play ball again."

The Rover football club met last night at the Young Men's Christian association rooms and adopted a new uniform. The color of the trousers will be dark blue, while the shirt will be light blue, with dark blue trimmings. A letter was also sent to the president of the Pittsburgh league asking admission, and an answer is expected Monday. Another meeting will be held next Thursday night.

The Young Men's Christian association ball team are battling for supremacy with the high school nine this afternoon.

Some of the local players may play with the Lisbon team this season. A representative from the latter club while in the city on circus day expressed a desire to enter into a deal with players of this city to come to the county seat when any games are to be played there.

Following is the lineup for the game tomorrow:

LIVERPOOL POSITIONS. HOMESTEAD.
Finch.....Catcher.....Colgan
Lynch.....Pitcher.....Jones
McShane, P.....Shortstop.....Woods
Reark, C.....First base.....Tarr
Carey.....Second base.....Brown
Kennedy.....Third base.....Youngman
Twaddle.....Left field.....Johnson
McNutt.....Center field.....Coleman
Heckathorn.....Right field.....Smith

A large number of bicyclists were on the streets last evening. The riders gave a parade, led by one of the cleverest bicyclists in the city, and at one time there were 19 wheelmen in line. The procession was a nice one, and as it was not started until late, there was no danger of running over anyone. The boys should start early in the day and see how many people they can secure for a parade, and give a dandy some night in the near future.

Word from Youngstown says that Nibbo Carey is playing a fine article of ball, and that the fans of the city, as well as the management of the club, are highly pleased with his work so far.

The Crackjacks will play their first game of the season at East Palestine on Saturday week.

The Tombstones are eager to arrange a game with the Athletics, and are willing to meet that team at any time.

The circus, as usual, left the ball ground in poor condition, and the rings will have to be leveled before any ball playing is done there Saturday.

The Toronto Tribune, in speaking of the coming game at that place, says: "McShane, J. and C. Reark, of East Liverpool, of the winning factors of the Reds, will be on deck, and they can be depended upon to put up winning ball every time—their splendid work in last Saturday's game is only a 'sample' of their ball playing abilities."

VERY VERDANT.

Amusing Actions of the "Rubes" on Circus Day.

An evidence of the state of verdancy in which the country youth lives was apparent on circus day. A youth who was the possessor of an 80-pound bicycle, that had seen its best days, stopped in front of an uptown restaurant, and after standing his

ponderous machine against the building, entered and inquired: "Say, mister, am I old enough to buy root beer?" He was answered in the affirmative, and after putting away the contents of two large bottles, said: "I'm 'tarnal hungry; can I get a 'piece?" While satisfying the inner man, a companion came in and purchased some tobies. A small cigar cutter at once caught his eye, and after pulling, twisting and turning it over, asked of a waiter: "Will you show me how to get matches out of this blamed thing?" He was informed that the cutter was not a match safe, and was supplied with the required lucifers. To record all the amusing incidents that occurred on circus day would fill columns.

PROGRESSION.

K., T. & K. to Further Enlarge Their Plant.

Despite the fact of the many improvements and additions recently made at Knowles, Taylor & Knowles' potteries, the capacity of the plant in some departments is yet deemed inadequate, and the firm is now contemplating the erection of another building, in order that increased facilities may be obtained for a larger output of ware.

The new structure will be a three-story brick and will be built on the spot now occupied by the rear portion of the mould shop on Market street. The rear part of the latter shop is to be razed to the ground to give place to the new building, the plans and specifications of which, it is said, are being drawn up now, in order that the construction of the new addition may be speedily accomplished to prepare for an anticipated rush of trade in the fall.

The upper story will be used for decorating purposes and the two lower floors will do service as a warehouse. The section of the north wing of the decorating establishment used as a warehouse at present will be transformed into a work shop for the printers.

THE LAKE ERIE

May Cross the New Bridge According to a Toronto Paper.

It is pretty generally believed in railroad circles that the Wheeling & Lake Erie railway will make important changes in and extensions of its lines the coming summer, which will probably result in that road being made an important link in a new trunk line between New York, Pittsburgh and Chicago, and also become a part of the Erie system. The company greatly desires to get an entrance of its own into Pittsburgh, and surveys have recently been made from Massillon to Pittsburgh via Canton and East Liverpool, and many think the new bridge across the Ohio at the latter place is a part of this scheme. Much money will be expended this summer in improving the entire Wheeling & Lake Erie system and between Wheeling and Toledo new 70 pound rails will be put down.—Toronto Tribune.

VIEWED THE FIELDS.

The Gas Well at Williamsport Gauged Yesterday Afternoon.

Elijah Stewart, of Beaver, the agent of the Bridgewater Gas company, accompanied by Jesse Hunter, drove to Williamsport yesterday for the purpose of testing the gas well recently struck on the Alum Cliff farm. The well when gauged showed a pressure of 110 pounds a minute from a five and five-eighths inch casing. There is at present 2,000 acres of land in that vicinity leased, and wells will be put down in large numbers. It is probable that the well recently struck will not be leased by any gas company, as it would have to be piped 10 miles before it could be turned into any main, and there is not a sufficient quantity of the fluid to justify this expenditure. Should a sufficient quantity of gas be secured out of the fields, the companies will then go after them.

A BAD FALL.

Scaffold Gave Way and James Dunkerly Was Painfully Hurt.

While James Dunkerly, of East Market street, was engaged in building a pigeon coop inside of a barn, situated on the rear of the lot that he resides on, yesterday afternoon, the scaffold upon which he was working gave way, without any warning, and precipitated Dunkerly to the ground beneath, a drop of 10 feet. He fell on his back, his head striking a board within a few inches of a sharp nail that protruded. Had his head come in contact with the nail undoubtedly it would have resulted seriously. The force of the shock caused the unfortunate man's teeth to cut clear through his tongue, making a wound that is very painful.

THE CIRCUS HAS GONE

But the Effects of it Are Still Here.

BUSINESS GOOD AT CITY HALL

Constable Bertele Arrested a Vagrant This Morning—Several Victims Pay Their Fines—The Two Men Charged With Pocket Picking Fail to Appear.

The demoralizing effects of circus has not entirely left the motley gathering that is still languishing in the commodious domicile of this municipality, the floating population of that institution remaining about the same today as it was Wednesday evening.

Walter Brown, colored, who was fined yesterday for an undue manifestation of affection for his sister-in-law, saved himself from a trip to the county jail by paying up last night the amount taxed against his name. He was given his freedom, and this morning the vacancy left by him is filled by a vagrant answering to the name of Tom Rayn, who was arrested on Seventh street this morning by Constable Bertele. The man was extorting money from all that he met, and if refused, he used threatening language. The bold men of the fellow did not intimidate "Tony," who marched up to his man and placed him under arrest.

The case of Melvin Flowers, who charged George Nassen with assaulting him, came up for trial this morning, and after all the evidence was heard, a verdict of not guilty was rendered and the plaintiff ordered to pay the costs.

George Green paid his fine of \$6.60 yesterday afternoon.

Bert Rodney telegraphed to his father for the money to pay his fine, \$11.43. It was received and he was released.

James Evans and James Morris, the two men charged with picking pockets, failed to appear at the hearing and forfeited their bail, \$50 each. Robert Pittenger paid part of his due and secured the rest. He was released today. Frank Blair also paid his fine and was released this morning.

Ryan was fined \$10 and costs and 20 days to the workhouse and will stay there until his fine and costs are paid.

NAUSEATING

Is the Odor That Arises From the Ruins of Metch's Mill.

An extremely nauseating stench arises from the decomposed grain in the ruins of Metch's mill, and its disagreeable presence can be detected for blocks. The debris is being taken away as rapidly as possible, and it is hoped that the disagreeable smell will be abated, as it is a decided menace to health. Street car patrons who are compelled to remain at the Second street switch until the coming car passes, get the full force of the fumes.

Sweet Girls.

An amateur photographer had the dear girls of the Fourth street school posing for their pictures this afternoon, at the entrance to the school room, at the entrance to the school room. Some few members of the sterner sex were permitted the inestimable privilege of associating with the lassies, as an evidence to the outside world that the group was not exclusively angelic. The artist had great difficulty in placing his patrons in proper positions of ease and grace, but finally succeeded in catching a satisfactory picture.

Fell on the Pavement.

Miss Blanch Arbutnot, of West Market street, fell on the pavement on Washington street this morning and wrenched her knee badly. She was taken to her home in a carriage, and a physician called who made an examination and found that no bones were broken.

PERSONAL MENTION.

—Miss Helen Fisher, of Pittsburg, is in the city today.

—Mrs. Nancy Sloane, of Pittsburg, is visiting her son, Doctor Sloane, of Fifth street.

—Mrs. Mary Poe, of Georgetown, Pa., is visiting Mrs. Joe Croxall, of Washington street.

—J. Stein went to Salem last night on business. He will be absent from the city several days.

—John Kennedy left today for Mingo Junction, to attend commencement exercises, which take place there tonight.

—Reverend O'Meara went to Pittsburg today to attend the funeral of a brother pastor at that place, this afternoon.

EAST LIVERPOOL, O., FRI. DAY, MAY 15.

For President,
WILLIAM MCKINLEY,
OF OHIO.

REFRESHING.

Lovers of bike riding had a rich treat this morning in taking a run across country at an early hour, just as old King Sol made his appearance above the horizon. It was indeed a lovely morning, with the air just cool enough for pleasure, while the surrounding country, rich in nature's best garb of green, was grandly and gloriously beautiful.

RECKLESS WHEELMEN.

There are a number of young bike riders in East Liverpool who will do well to take warning, and thus avoid legal trouble and the infliction of heavy penalties. We have reference to those who have no bells attached to their wheels and who ride around our streets and thoroughfares at racing speed, dashing around corners without paying any attention to pedestrians. A number of people have been run down lately, and the authorities have determined that such reckless riding shall cease.

HOLD YOUR HORSES.

Experience is a good teacher. Some men will not be taught until personal application is made, and the application is sometimes very severe. A good horse is a nice thing to own, and the owner has a right to be proud of him, and he has a right to take just pride in the handsome vehicle attached to his steed; but when he uses the turn-out as a scorcher on our public thoroughfares, to the imminent risk of life and limb of pedestrians, it is high time he should be called down and taught that the city streets are not to be used as a race course. Those so offending in the future will do so at their cost, no matter what their position in life, from a business or social standpoint.

HOME PROTECTION.

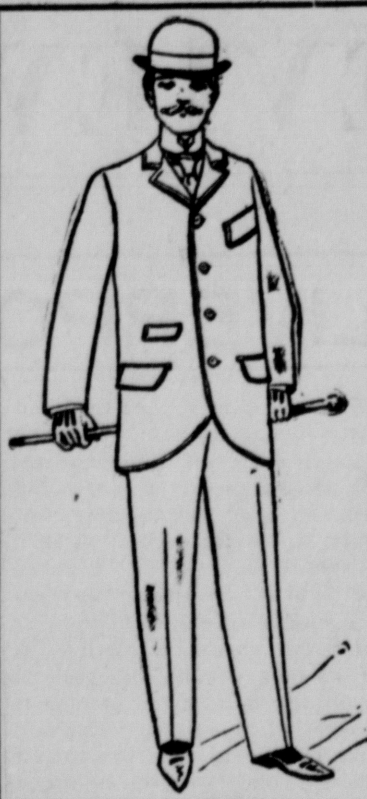

"Consistency, thou art a jewel." There are men in East Liverpool who cry out for protection to home and home interests and industries; men who are hot and warm advocates of home protection to the nation, and yet are but as "sounding brass and tinkling cymbals," for they act diametrically opposite to the principle they so loudly proclaim by voice. Instead of patronizing our home merchants in the purchase of carpets, dress goods, shoes, furniture, hardware, millinery, etc., etc., they almost invariably buy from foreign or far distant city markets, and in many cases pay higher for the same grade and quality of goods than they would at home. Verily they are lacking in two essentials—consistency and common sense.

AT THE GRAND.

The Ladies' auxiliary to the Young Men's Christian association assisted by the chorale union, will give a rich and rare entertainment at the Grand Opera House on next Tuesday night, May 19, the proceeds to be given to the Young Men's Christian association. "Aunt Hannah's Quilting Party" will hold the boards, and the characters therein will be represented by the very best talent in East Liverpool. The play abounds in rich comedy and comical situations, and you can secure a long lease of life by attending, through the medium of health-giving laughter. The cause is a grand one, and the members of the various churches in our city should do everything in their power to make Aunt Hannah's quilting party the success of the season from a pecuniary standpoint. Help the Young Men's Christian association in its work, and by so doing you may be instrumental in saving those who are very near and dear to you.

TWO GRAND MEN.

Bishops Bowman and Foster, grand Christian gentlemen, and as effective workers as ever did service in the Methodist Episcopal church, have been retired by the Methodist Epis-

When people give preference by coming back here, after looking elsewhere, it is

Two speeches against the bill proposing additional restrictions on immigration by Senator Gibson (Dem., Md.) and Senator Nelson (Rep., Minn.) were made early in the day. Senator Gibson severely arraigned the A. P. A., declaring that it inspired this bill, and that the organization was seeking to invade politics. Senator Nelson said the A. P. A. had had no part in inspiring the bill.

ENGLAND WARNS CHINA.

Will Not Allow Englishmen's Rights Injured In Russia's Interests.

LONDON, May 15.—Answering a question on the subject in the house of commons, the parliamentary secretary for the foreign office, Mr. George N. Curzon, said the government had no information confirming the report that Russia was occupying the fortress of the Chefoo. He added that, according to the British minister at Peking, a concession had been granted to a Russian firm, by the terms of which the British riparian owners consider their rights infringed.

China, Mr. Curzon continued, had been warned that she must not include in the Russian concession property belonging to British subjects, unless with the consent of the owners. In conclusion, Mr. Curzon stated that the Tsung-Li-Yamen had been informed that it would be held responsible for all injury to British interests.

AMERICANS ON BOARD.

Another Filibustering Vessel Gets Away From Florida.

KEY WEST, May 15.—The schooner Gladiator eluded the vigilance of the United States revenue cutters at Fort Meyers, this state, and has sailed for Cuba with arms and men. It is said that there are on board 1,300 rifles, 1,400 machettes, 200,000 rounds of cartridges, a quantity of dynamite and four rapid fire guns.

It is understood that among the 85 men are several Americans and that the leader of the expedition, A. F. Gonzales, is a naturalized American citizen. The Americans supposed to be on board are: W. R. Washburn, an inventor; L. C. Stewart, a military engineer; G. R. Jones, an expert gunner, and two others who are skilled in the manufacture of gunpowder.

Made His Son Promise Vengeance.

PENDLETON, S. C., May 15.—At Clemson college, the State Agricultural institute, F. N. Lindsay, a convict guard, shot W. D. James, foreman of the college farm, who will die. James has made his 12-year-old son promise that when he is 21 years old he will shoot Lindsay dead.

Diaz Will Live In Atlanta.

ATLANTA, May 15.—Rev. A. J. Diaz, the Baptist missionary recently expelled from Cuba, has come to Atlanta to live.

Teller Given Control.

PUEBLO, Colo., May 15.—The Colorado Republicans declared for bimetalism and protection with free silver the paramount issue at the state convention. Teller was chosen to head the delegation. No instructions were given except obedience to his directions.

ATTACKED THE A. P. A.

Gibson Says It Is Behind the Immigration Bill.

WASHINGTON, May 15.—The Dupont case, involving the right of Henry A. Dupont to a seat in the senate from the state of Delaware, was taken up in the senate with a view of concluding the debate and taking a final vote at 5 p. m. today. A brief colloquy between Senators Gorman and Mitchell developed difference of opinion existing as to the character of the vote, and there was an intimation that the case would be postponed until next session.

ALL FOR MCKINLEY.

No Opposition Among West Virginia Republicans.

THE DELEGATES SO INSTRUCTED.

A Very Strong McKinley Resolution Went Through With a Whoop—Washington State Republicans Also In Line For the Major-General Politics.

CLARKSBURG, W. Va., May 15.—The Republicans of West Virginia in state convention, in a very enthusiastic manner, did what everybody had expected, instructed for McKinley and the instructions went through with a whirl and without a dissenting vote.

Chairman C. B. Hart of the committee on resolutions read the report, which was unanimously adopted amid great enthusiasm. The resolutions demand liberal appropriations for internal improvements, favors restoration of American shipping, rigid immigration laws, liberal pensions, the recognition of belligerent rights of Cuba and sound money. Following is the McKinley plank:

Knowing the sentiment of the people we represent, a sentiment without precedent in West Virginia and desirous of reflecting the earnest hope of the Republicans of the state as they have expressed that hope in every possible way, we declare that our choice for president of the United States is that pure patriot, that gallant soldier, the foremost champion of protection, that thoroughbred American, our friend and neighbor, William McKinley of the United States of America, and the delegates chosen by this convention are hereby directed to vote for Major McKinley in the Republican national convention and to use all other honorable efforts to secure his nomination.

The following named gentlemen were chosen delegates-at-large to the national convention: O. O. Hardman, Tyler county; F. M. Reynolds, Mineral county; J. E. Dana, Kanawha county; A. E. White, Wood county. Alternates, General J. H. Duval, Brooke county; F. M. Thomas, Preston county; Maj. J. L. Hearst, Upshur county, and George Poffenberger, Cabell county.

Temporary Chairman Davis called the convention to order. Hon. P. W. Morris of Ritchie county was elected permanent chairman. Hon. P. W. Morris, in his speech, predicted the election of McKinley in November and named S. B. Elkins as the man for president in 1900.

MCKINLEY NOT NAMED.

Colored Republicans of the South Meet In New York.

NEW YORK, May 15.—A convention of colored Republicans, delegates from nine states of the south, has been held here. There were 43 delegates present. J. H. Jones presided and William H. Tait was secretary. It was announced that the convention was called to devise some means to prevent the so-called "hily whites" of the south from crowding out of the St. Louis convention the colored delegates in the majority.

National Delegate G. W. Edwards of Virginia made the principal speech. The speaker said: "The negro saved the union; he saved the Republican party, and the nation can only be saved by the nomination of such a man as Reed, Allison, Morton, Quay or Culom. The country does not want any Hayes in the White House. It would have been better for Tilden to have been seated than for the rights of the negro to have been surrendered by Hayes."

A. P. A. BOASTS OF POWER.

President Traynor Says Politicians Now Court the Order's Favor.

WASHINGTON, May 15.—The most noteworthy feature of the session of the American Protective association was the innovation made by giving to the public the annual address of President W. J. H. Traynor. While some parts of the document were erased by a special committee, the body of it gives more authentic information upon the purposes of the order than has ever before been made public upon authority.

President Traynor deals at great length with the political phases of A. P. A. He says: "The A. P. A. today is a recognized factor in American politics, whose favor is openly courted by political leaders, organizers and postulators for public office, who a year or two ago ignored, treated with contempt or denounced it."

PLEDGED TO MCKINLEY.

Washington State Delegates So Instructed—For Sound Money.

EVERETT, Wash., May 15.—The Republican state convention named these delegates to St. Louis: George H. Emerson of Hoquiam, L. W. Garner of

good proof of our better styles and more reasonable prices.

JOSEPH BROS.

copal conference now in session at Cleveland. Doctor Buckley, the hot enemy of the woman delegates, led the contest against the aged bishops. The two Christian warriors had a warm advocate in Dr. George H. Bridgeman, of Minnesota, who urged that Bishops Bowman and Foster be relieved from their duties, but not retired, and in this he was ably seconded by Rev. J. E. C. Sawyer and Dr. John Lanahan, the latter scoring Buckley and his coadjutors for their "star chamber" sessions, terming their "meetings held for execution." It must indeed have been a matter of keen agony to Bishops Bowman and Foster to recognize the fact that the Methodist Episcopal conference was telling them that they were no longer of any use in the ranks of Christian heroes, and the day may and should come when those who voted against these grand men will find full cause to regret so doing.

SWEET CHARITY.
Mrs. Wm. Hayes, deceased, left six little children, the youngest a mere infant. The father will have his hands full for the time being in caring for the little ones. There are noble men and women in East Liverpool who are willing to aid the bereaved husband in his hour of dire sorrow and trouble. Here is your golden opportunity. A well-known professional man of East Liverpool, warm of heart, called at the NEWS REVIEW office this morning and handed the management a dollar, with the request that a "dollar fund" be established for the aid of Mr. Hayes and his family. Here is your opportunity, men and women of East Liverpool, to contribute to a worthy object. The name of each and every contributor will be entered upon a ledger, not for publication, but merely as a matter of business, as the amount is handed over to Cashier N. G. Macrum, of the First National Bank, to whom daily reports will be made, as the funds are handed in at the NEWS REVIEW office. Two dollars have already been contributed. Who will be the next to add their quota to the "dollar fund," for the benefit of the Hayes family?

PASSED 58 PENSION BILLS.
The House Disagrees on the River and Harbor Measure.

WASHINGTON, May 15.—The house, under the special order adopted last week, devoted the whole day to private pension bills. They were disposed of at the rate of about one every five minutes, 58 in all being favorably acted upon before adjournment. Among them were bills granting pensions to the widow of General O. M. Poe, \$50; the widow of General John Newton, \$75; the widow of United States Senator George E. Spencer of Alabama, \$50, and ex-Congressman Small of South Carolina, \$50. While the pension bills were being considered the committee of the whole arose and formally disagreed to the senate amendments to the river and harbor bill and sent it to conference.

Later Mr. Hepburn (Rep., Ia.) raised the point that the action was irregular and intimated that it was a piece of sharp practice to prevent the house from considering the amendments in committee of the whole. Mr. Harman (Rep., Or.) disclaimed any such purpose, stating that the object was to hasten the bill in anticipation of a presidential veto. The speaker took the point of order under advisement and will decide it today.

ATTACKED THE A. P. A.
Gibson Says It Is Behind the Immigration Bill.

WASHINGTON, May 15.—The Dupont case, involving the right of Henry A. Dupont to a seat in the senate from the state of Delaware, was taken up in the senate with a view of concluding the debate and taking a final vote at 5 p. m. today. A brief colloquy between Senators Gorman and Mitchell developed difference of opinion existing as to the character of the vote, and there was an intimation that the case would be postponed until next session.

JOSEPH BROS.

Two speeches against the bill proposing additional restrictions on immigration by Senator Gibson (Dem., Md.) and Senator Nelson (Rep., Minn.) were made early in the day. Senator Gibson severely arraigned the A. P. A., declaring that it inspired this bill, and that the organization was seeking to invade politics. Senator Nelson said the A. P. A. had had no part in inspiring the bill.

ENGLAND WARNS CHINA.

Will Not Allow Englishmen's Rights Injured In Russia's Interests.

LONDON, May 15.—Answering a question on the subject in the house of commons, the parliamentary secretary for the foreign office, Mr. George N. Curzon, said the government had no information confirming the report that Russia was occupying the foreshore of the Chefoo. He added that, according to the British minister at Peking, a concession had been granted to a Russian firm, by the terms of which the British riparian owners consider their rights infringed.

China, Mr. Curzon continued, had been warned that she must not include in the Russian concession property belonging to British subjects, unless with the consent of the owners. In conclusion, Mr. Curzon stated that the Tsung-Li-Yamen had been informed that it would be held responsible for all injury to British interests.

AMERICANS ON BOARD.

Another Filibustering Vessel Gets Away From Florida.

KEY WEST, May 15.—The schooner Gladiator eluded the vigilance of the United States revenue cutters at Fort Meyers, this state, and has sailed for Cuba with arms and men. It is said that there are on board 1,300 rifles, 1,400 machettes, 200,000 rounds of cartridges, a quantity of dynamite and four rapid fire guns. It is understood that among the 85 men are several Americans and that the leader of the expedition, A. F. Gonzales, is a naturalized American citizen. The Americans supposed to be on board are: W. R. Washburn, an inventor; L. C. Stewart, a military engineer; G. R. Jones, an expert gunner, and two others who are skilled in the manufacture of gunpowder.

Made His Son Promise Vengeance.

PENDLETON, S. C., May 15.—At Clemson college, the State Agricultural institute, F. N. Lindsay, a convict guard, shot W. D. James, foreman of the college farm, who will die. James has made his 12-year-old son promise that when he is 21 years old he will shoot Lindsay dead.

Diaz Will Live In Atlanta.
ATLANTA, May 15.—Rev. A. J. Diaz, the Baptist missionary recently expelled from Cuba, has come to Atlanta to live.

Teller Given Control.

PUEBLO, Colo., May 15.—The Colorado Republicans declared for bimetallicism and protection with free silver the paramount issue at the state convention. Teller was chosen to head the delegation. No instructions were given except obedience to his directions.

ALL FOR MCKINLEY.

No Opposition Among West Virginia Republicans.

THE DELEGATES SO INSTRUCTED.

A Very Strong McKinley Resolution Went Through With a Whoop—Washington State Republicans Also In Line For the Major—General Politics.

CLARKSBURG, W. Va., May 15.—The Republicans of West Virginia in state convention, in a very enthusiastic manner, did what everybody had expected, instructed for McKinley and the instructions went through with a whirr and without a dissenting vote.

Chairman C. B. Hart of the committee on resolutions read the report, which was unanimously adopted amid great enthusiasm. The resolutions demand liberal appropriations for internal improvements, favors restoration of American shipping, rigid immigration laws, liberal pensions, the recognition of belated rights of Cuba and sound money. Following is the McKinley plank:

Knowing the sentiment of the people we represent, a sentiment without precedent in West Virginia and desirous of reflecting the earnest hope of the Republicans of the state, as they have expressed that hope in every possible way, we declare that our choice for president of the United States is that pure patriot, that gallant soldier, the foremost champion of protection, that thoroughbred American, our friend and neighbor, William McKinley of the United States of America, and the delegates chosen by this convention are hereby directed to vote for Major McKinley in the Republican national convention and to use all other honorable efforts to secure his nomination.

The following named gentlemen were chosen delegates-at-large to the national convention: O. O. Hardman, Tyler county; F. M. Reynolds, Mineral county; J. E. Dana, Kanawha county; A. B. White, Wood county. Alternates, General J. H. Duval, Brooke county; F. M. Thomas, Preston county; Maj. J. L. Hearst, Upshur county, and George Poffenbarger, Cabell county.

Temporary Chairman Davis called the convention to order. Hon. P. W. Morris of Ritchie county was elected permanent chairman. Hon. P. W. Morris, in his speech, predicted the election of McKinley in November and named S. B. Elkins as the man for president in 1900.

MCKINLEY NOT NAMED.

Colored Republicans of the South Meet In New York.

NEW YORK, May 15.—A convention of colored Republicans, delegates from nine states of the south, has been held here. There were 43 delegates present. J. H. Jones presided and William H. Tait was secretary. It was announced that the convention was called to devise some means to prevent the so-called "billy whites" of the south from crowding out of the St. Louis convention the colored delegates in districts where the colored Republicans are in the majority.

National Delegate G. W. Edwards of Virginia made the principal speech. The speaker said: "The negro saved the union; he saved the Republican party, and the nation can only be saved by the nomination of such a man as Reed, Allison, Morton, Quay or Cullom. The country does not want any Hayes in the White House. It would have been better for Fildes to have been seated than for the rights of the negro to have been surrendered by Hayes."

A. P. A. BOASTS OF POWER.

President Traynor Says Politicians Now Court the Order's Favor.

WASHINGTON, May 15.—The most noteworthy feature of the session of the American Protective association was the innovation made by giving to the public the annual address of President W. J. H. Traynor. While some parts of the document were erased by a special committee, the body of it gives more authentic information upon the purposes of the order than has ever before been made public upon authority.

President Traynor deals at great length with the political phases of A. P. A. He says: "The A. P. A. today is a recognized factor in American politics, whose favor is openly courted by political leaders, organizers and postulants for public office, who a year or two ago ignored, treated with contempt or denounced it."

PLEGDED TO MCKINLEY.

Washington State Delegates So Instructed—For Sound Money.

EVERETT, Wash., May 15.—The Republican state convention named these delegates to St. Louis: George H. Emerson of Hoquiam, L. W. Garner of

108 WASHINGTON STREET

They Bound and Gagged the Cashier In a Little Town In Illinois.

SPRINGFIELD, Ill., May 15.—The most daring bank robbery which has ever occurred in this part of Illinois has been perpetrated at Buffalo, 13 miles east of this city.

The bank of Buffalo is owned by A. A. Pickrel & Co. Two masked men entered the bank just as Carl Kloppenburg, the cashier, was locking up the safe, preparatory to going to his dinner. Kloppenburg was the only person in the bank at the time. The robbers seized him from behind, bound and gagged him and then took all the money in the bank, amounting to \$11,000. William P. Dawson, who entered the bank some time later, saw Kloppenburg lying on the floor bound and released him. Kloppenburg could give but a meager description of the robbers. It is thought they are experts at the business. The country has been scourged by mounted men without success.

North Carolina Republican Convention. RALEIGH, N. C., May 15.—The Republican state convention is in session. A full ticket will not be nominated, but a skeleton ticket, consisting of governor, auditor, attorney general and justice of the supreme court, will be named in accordance with a proposition made by the Republicans to the Populists at the recent fusion conference.

A Prominent Priest Dead.

EAST LIVERPOOL. DIAMOND.

LOCAL BREVITIES.

A private dance will be held at Buck Springs on Monday evening.

The Catholic school grounds are to be improved by the addition of two arc lights.

George L. Frederick has moved his household effects from a point east of Pittsburgh to this city.

The Phoenix club and their friends danced at Columbian park last night. An enjoyable time was had by all.

A J. Kerr went to Pittsburgh this morning to consult an oculist in regard to being treated for defective vision.

Invitations are now out for the commencement exercises of the graduates of the high school, and a neat program has been arranged.

Captain J. L. Morris, who has been living on Seventh street, shipped his household goods to Carrollton today, where the family will reside.

Frank Huff, of Market street, is suffering with a cut on his knee caused by being struck with a piece of glass that fell from a window.

Harry Deacon, who left the city a few weeks since to take up a position in Falmouth, Pa., is reported to have been taken down sick, and is very ill at that place.

The medical association met last night in Doctor Andrew's office and discussed "Puerperal Septicemia."

There was a good attendance of physicians present.

The delegates from this city to the Grand Army encampment at Columbus, returned home this morning.

Alex McGraw was made alternate to the national encampment held in St. Paul.

Charles Kline, a moulder employed at Boyce's foundry, was knocked down on West Market street Wednesday evening by a horse that became frightened at a passing street car.

His back is injured, but not seriously.

M. B. Adam, since returning from Chicago, has not decided positively whether or not to locate in this city, although he is putting his business affairs in such shape that, should he decide to go, he can leave without any delay.

The name of another victim of the accident that occurred here on circus day has been learned, Miss Lizzie Morrow, the nine-year-old daughter of Allison Morrow, of East Market street.

The little girl is not very badly hurt, although a horse trampled on her breast.

The funeral of Mrs. Arabella Galimore will take place Sunday afternoon, Reverends Taggart and Whitehead preaching the burial services at the Methodist Protestant church.

Mrs. Galimore was ill only 14 days. The Daughters of St. George will have charge of the funeral.

The Diamond pump is once more apart, and the question is being asked frequently "what is the matter anyhow?"

The pump was supposed to have been fixed and ready to start when the water works people shut them off by wanting water rent.

Why it put up one day and taken down the next is a question hard to answer.

Captain Tanner, a lady Salvationist of Cincinnati, has taken charge of the army at this place.

She comes highly recommended and will no doubt work great good in the local ranks.

Lieutenant Metcalf expects to go to Cleveland, where he will take charge of a company in that city.

He has just returned from a two weeks' visit to friends in East Orwell.

James Gifford and wife resigned their positions at Mountford's pottery yesterday and will sail for England on next Wednesday.

They will make their future home at Burslem, England, the city in which they resided before coming to this country.

Mr. Gifford and wife have made warm friends in the city, who will be sorry to see them leave for the old country.

Last night Arthur Hynes, Edward McKinney and "Timmy" Stapleton, three members of the Brownie minstrels, were practicing on the iron bars of the Porter building some of the new things they had noticed in the circus.

The bars were notched in order to stop actions of this kind, but until the star performer, "Timmy" Stapleton had a chunk taken out of his hand did they cease.

The boy has a very sore hand today.

Miss Mintie Perry died early this morning at the residence of her sister, Mrs. Stephen Hague, of Market street. Deceased came here from her former home in the country, about 16 miles northeast of this city, about four weeks ago and was only sick a few days. She was attacked with a malignant type of typhoid fever that soon resulted in her demise. Funeral services will be conducted by Rev. John Lloyd Lee and Doctor Gray, pastor of Bethel church, of which she was a member, Sunday morning at 10 o'clock, at Mrs. Hague's home, and the remains will be taken to the family plot at West Beaver cemetery for interment. The young lady's death, it is said, was hurried on by her deep grief over the death of her parents, which occurred only a short time since.

THE NEW YORK TRADE

No Marked Improvement in the Wholesale Condition.

BUYERS' STOCKS UNUSUALLY LOW

Favorable Promises For Fall Business. Dealers Complain at the Hesitancy of Buyers to Place Orders Satisfactory in Size, as Formerly.

While there has been no marked improvement in the demand in the wholesale district during the past week, there is evidence on every hand of a better state of feeling, and a more hopeful sentiment appears to pervade all branches of trade. After the long period of unfavorable weather that had so disastrous effect upon trade in March and April, came a time of activity that was welcome indeed to all; but many felt that the brisk trade which set in with the beginning of seasonable weather, was only to be a temporary condition, and was more in the nature of a making up of neglected wants than the beginning of better times. Those who had doubts of the healthy demand have been reassured, however, by the continued lively retail trade. Dealers at first hands complain at the hesitancy of buyers to place orders at all satisfactorily in size, while they expect to make equally as good terms as formerly, when they ordered more freely. While this manner of buying does not suit the importer and manufacturer, it is not altogether distasteful to the jobber, who has become quite accustomed to being considered merely a matter of convenience to the merchant. Several buyers of the larger stores have recently assured me that their stocks are unusually low for this time of the year. This would lead us to expect that they will be quite in readiness to accept their consignments; and also gives favorable promise for fall requirements.

A buyer for a large importing firm returned last week from a two months trip abroad. He visited the English potteries, and spent some time in France, Germany and Austria. He says he could see little difference between the last year's wares and those at present offered in the European market. There are new decorations, of course, though he could discover no change in their general style. Prices, he thinks, rule a little lower. Since his return the gentleman has spent some time in the district and the orders he has given to some of the agents of domestic potteries prove that not all of his orders go abroad.

H. C. Sedam has been in the city for two weeks, and has booked some handsome orders for the wares of the Wellsville Pottery company.

PUBLIC SALE CITY LOTS.

Desirable Lots in the Bradshaw Addition to the City.

On Tuesday, afternoon, May 19, at 2 o'clock, city time, there will be fifty-one valuable lots offered for sale in this city in the Bradshaw addition, on the premises. Each lot will be sold separately. Sale is absolutely positive. No lot can be sold for less than two-thirds of the appraised value. Terms, one-half cash, and balance in one year, secured by mortgage on premises. This will be the opportunity of your life-time to secure lots, and very valuable ones, at about half their real value. Mrs. Lillie M. Arbuckle is a non-resident, and this is her reason for disposing of the property. Don't fail to be present on Tuesday afternoon, May 19, 1896, and secure one of these wonderful bargains.

Lawn Fete.

The West End chapel will give a lawn fete at Riverside Park, West End, on Tuesday night, May 19. An enjoyable time is anticipated. Hot coffee and sandwiches on the grounds. Delicious ice cream, cake and lemonade on tap. You have a cordial invitation and will be warmly welcomed. Admission 10 cents.

Dr. S. F. Scott, Blue Ridge, Harrison county, Mo., says: "For whooping cough, Chamberlain's Cough Remedy is excellent." By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving the remedy to babies, as it contains nothing injurious. Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

Becky Todd

Is the deacon's wife. She is all wool and thirty-six inches wide, but is very dear, and the old deacon is saving up his loose cash to buy her a trumpet, for she was never known to hear a story as originally related. Becky will be at the Grand next Tuesday night, at Aunt Hannah's quilting party.

Do you wish to inspect fine lumber? If so, call on the J. T. Smith Lumber company. They handle splendid building material, and at prices lower than the very lowest. It will pay you to deal with the above company.

While the thermometer is climbing up steadily to the top the Atlantic Tea company has dropped its price clear through the bottom. See that new price list in this issue.

A cream of tartar baking powder. Highest of all in leavening strength.—Latest United States Government Food Report. ROYAL BAKING POWDER CO., New York.

COURT NEWS.

Mrs. Woodburn Gets \$2,500 Damages. One-Half of the Amount Asked.

Lisbon, May 15.—The jury last evening returned a verdict for Harriet Woodburn, of East Liverpool, for \$2,500, one-half of the amount asked in her damage case against Della Morris for personal injuries received by a fall a year ago.

The Potters' Building and Savings company, of East Liverpool, was given a judgment by default in court this morning against Lillie M. Arbuckle for \$463 and costs. The action was recently brought on a promissory note.

John Robinson has dismissed the case of Mary M. Conant versus Burgess M. Allison, which was tried on Wednesday, to subject Wellsville property belonging to the defendant's wife for sale, in order to satisfy a \$2,500 judgment recovered last May against the defendant. The plaintiff has given notice and will appeal the case to circuit court.

The city of East Liverpool took a judgment in court this morning for \$580 and costs against Elwood Pusey. In September, 1890, Pusey began operating a ferryboat on the Ohio from East Liverpool to West Virginia without complying with the city ordinance, which requires a license fee of \$100 per year. The judgment recovered pays Pusey's license fees, with interest up to September, 1895.

Marriage licenses were issued to H. R. Mansfield and Lizzie Taggart, and John Clark and Minnie G. Lynn.

The action brought by Timothy Burns to recover damages from Officer Earl for forcible entry of his house and saloon was submitted to the jury, and after twenty minutes' deliberation returned a verdict in favor of the defendant. A similar action against Officer Jennings was called, but the prosecution declined to have the case heard by the same jury.

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1,235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three 50 cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by A. H. Bulger, druggist.

Polly Hopkins

Objects to being kissed, fearing that Rube (to whom she has just been married) might not like it. Polly is a brick—in fact, a whole brick house. Pay her a visit next Tuesday night at the Grand. She will be at Aunt Hannah's quilting party.

Buy your teas and coffee from reliable dealers and you will be sure to get what you want. The best and purest teas and coffees can only be gotten at the

ATLANTIC TEA STORE.
120 Sixth Street.

SPECIAL NOTICE.

All members of Kilmen's local union, No. 9, are requested to be present at the meeting to-night as there is some business of importance to come before the local.

FRANK D. WHITE.
President.

Card of Thanks.

The undersigned desire to thank their many friends of East Liverpool and neighbors for their kindness and comforting words during the illness and death of Laura Debee.

MOSES DEBBE AND FAMILY.

Deacon Todd

Is a hayseed from away back. He will attend Aunt Hannah's quilting party at the Grand next Tuesday night. Watch out for fun.

ELECTING NEW BISHOPS

The M. E. Conference Takes Up the Work Today.

TWO OLD BISHOPS ARE RETIRED.

The Report of the Committee on Episcopacy Adopted After a Spirited Debate. Chaplain McCabe in the Lead—Dr. Smith's Candidacy Weakened.

CLEVELAND, May 15.—The long expected report of the committee on episcopacy, given in these dispatches yesterday, has been presented to the M. E. general conference and adopted, after an animated debate, which was interspersed with incidents of dramatic and pathetic interest and many parliamentary tangles. The report provided for the retirement of the venerable Bishops Bowman and Foster on the ground of non-effectiveness, declared that the time is opportune for the election of a bishop of African descent, and also provided for the election of but two bishops to take the place of those who were retired. The three propositions in the report were agreed to by a large majority. This action relates only to the bishops

REV. C. C. MCCABE, D. D.

in this country, and takes no account of the bishops in the missionary field, who will be considered later.

The two bishops who were retired will be supported by the book concern.

Today the conference is proceeding with the election of two bishops. The contest is narrowing down. It is now conceded that Chaplain McCabe of New York is in the lead, although it is doubtful if he yet has the two-thirds vote required to elect. Chancellor J. R. Day is said to have decided to withdraw and throw his support to Rev. Dr. J. W. Hamilton of Boston. Jesse F. Case of Pittsburg, a layman, who is ambitious to secure the election to a secretaryship of the Freedman's Aid society, may alienate certain Pittsburg support from Dr. Charles W. Smith of that city by joining with the Day-Hamilton forces. The election is likely to prove very interesting and lively.

There was a lively meeting of the committee on temperance and as a result two reports, defining the policy of the church with respect to the temperance question, will be submitted to the conference today. The majority report will be in line with the action of the conference of four years ago at Omaha, which was to the effect that no political party has the right to expect the support of Christians if that party does not declare in favor of the total prohibition of the liquor traffic. This report will have the support of 16 members of the committee and will be advocated by Dr. Lowther of Wichita, Kan. Fifteen members of the committee will sign a minority report, opposing the majority. It will urge that the adoption of the majority report will commit the church to the prohibition party and claim that more effective practical temperance work can be accomplished through the medium of the old parties. Dr. Everett of the New England conference, Dr. McFarland of Illinois, Prof. Harris of Maine and Dr. Quayle of Kansas City will support the minority report. The committee decided unanimously to co-operate with the anti-saloon league.

The church extension committee recommended that hereafter no assistance be given to churches that cost more than \$10,000 except by special legislation. It was asserted that many wealthy churches had in the past secured aid which ought to be reserved for poor congregations.

The committee on book concern decided to recommend the appointment of a commission to prepare a new hymnal for the use of the church, from which much of the light music now in use would be eliminated.

The committee on education took up the subject of making loans to students. It was decided to refuse such loans to students in the Mexican and South American conferences. It will be suggested to the conference, in view of the fact that the \$200,000 has been loaned in 23 years and only \$50,000 of that sum repaid that a better system of accounting be adopted, and all students who are assisted be required to waive the statute of limitation in the notes they give as security.

PITH OF THE NEWS.

Spanish newspapers urge the government to abrogate the treaties with the United States.

Six houses were destroyed by fire at Seville, N. Y., by forest fires and Mrs. Howard Young was badly burned while rescuing a little daughter.

Nearly 100 hands employed at the Salem (N. J.) knitting mills went out on a strike because of a reduction in wages.

J. W. Hendrie has given \$10,000 for the law school building at Yale university at New Haven, making his total contribution to the purpose \$25,000.

A society called "Kappa Beta Phi," a takeoff on the famous Phi Beta Kappa, has been formed at Yale, and will be recruited from the students who have not received junior honors.

Walter Pierce of Huron, Mich., fired at a party of Catholicism serenaders and killed his brother, Frank, the leader.

In the trial of Jerome Council, at Baltimore, for the murder of his foster parents, Captain and Mrs. Lang, a "spirit writing" photograph of the crime was produced in evidence.

The dead body of Sara Scofield of Armonk, near White Plains, was found in a small brook in Moshola parkway, near Jerome avenue, N. Y. She appears to have been murdered.

B. H. HODGSON, PAPER HANGING

The time of my engagement with our church, as their city missionary having expired with the month of March, I am now at liberty to do your paper hanging in first-class style and at very reasonable figures. A card addressed to 30 Norton street, city, or a note left at

HASSEY'S ICE CREAM PARLOR

will receive my prompt attention and bring me to see you for terms and time.

Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read this print at a distance of 10 inches from the eye with ease and comfort. Also will be able to read it with ease and comfort. If unable to do so your eyes are defective and should have immediate attention. When the eyes become blind from reading or writing, or if the letters look blurred and run together, it is a sure indication that the eyes are weak. The same will be the case with the eyes of the young and old. It is a great pity that so many people neglect their eyes. Consult one of our expert oculists who will not only examine the eyes, but will also supply the defects in the eyes."

DR. J. T. ROBERTS,
THE JEWELER,
Fits Eyes Correctly. Fine Watch Repairing. 1131 Broadway, East Liverpool, O.

Hassey's Parlors.

The ice cream is the best made, all flavors, large or small quantities. The confections are rich and pure. The drinks at the parlors are delicious, made from pure fruit juices.
